Dear community,

We're excited to share the first edition of *NFH Chronicles*—a single destination bringing together our work across the Beckn and Finternet missions as we continue to build the foundational rails for an equitable global economy. Starting with the next edition, you'll hear from us directly through the *NFH Newsroom*, our dedicated home for future updates, insights, and milestones.

A recent Economic Times article featured NFH, highlighting its role in building a shared fabric to power seamless value flows in an AI-driven world. [Read the full story.](#)

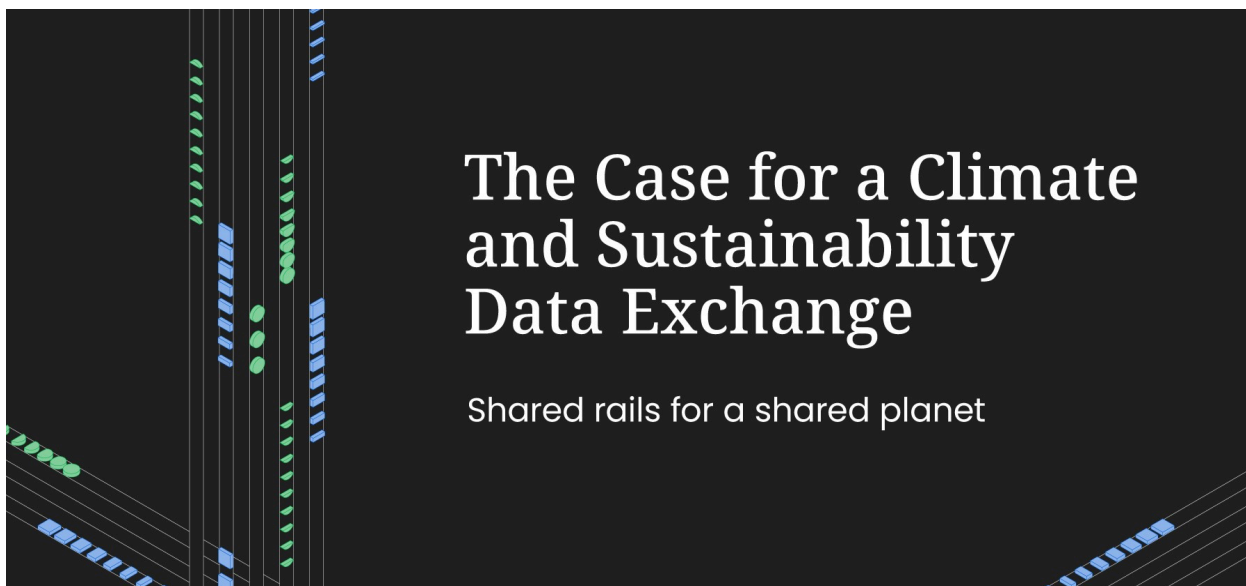

Latest developments

We are thrilled to welcome Indonesia Open Networks (ION) to the Open Networks family. The [NFH-ION collaboration](#) is a step towards creating more inclusive, efficient, and accessible digital ecosystems for businesses of all sizes.

An open network for climate and sustainability information is here!

The Climate and Sustainability Data Exchange (CSDX) is intended to serve as an open, global rail for decision-grade climate and sustainability information. CSDX turns data into a reliable base for accountability and growth by aligning it across sustainability frameworks, making it easier to build trust into every transaction.

Securitization is now live on Finternet

With three NBFCs already onboarded as launch counterparties, the first transactions are set to follow within the month. Finternet introduces a new layer of trust into a ~\$25B market through immutable data integrity, programmable settlements, and vendor-neutral transparency—laying the foundation for a global securitization protocol.

If you are part of the banking ecosystem or know someone who would like to participate, reach out to sanmesh.kalyanpur@finternetlab.io

Launch of the Skillnet Cohort

NFH along with Skillnet, launched the Skillnet Cohort, an initiative to build a decentralised trust layer for skills, credentials and workforce mobility. [Learn more.](#)

Community corner

Tech support has a new destination!

Starting May 1st, all technical support will be handled through our GitHub repository. To get help, please open a new issue, fill in the key details (title, description, project, priority, and type), and submit. Adding context like screenshots or logs will help us resolve it faster.

That's a wrap!

And that's a wrap for April! Stay charged and keep building! 

Stay tuned for all things NFH.
